## Roger Babson's Column

FOR three score years I have been analyzing the causes of success and failure. Experience has taught me that financial success, job success, and happiness in human relations are, in the main, the result of (a) physical well being; (b) constant effort to develop one's personal assets; (c) setting up and working toward a series of life goals; (d) allowing time for meditation and spiritual regeneration.

Good health plays an important part in both contentment and achievement. Unhealthy persons generally lack poise, cannot sleep well; are fidgety. If we want happiness and success, if we want to avoid the ills that beset many Americans—headaches, indigestion, neuritis, backaches, and especially that tired feeling—then I suggest we adopt a set of simple rules of physical conduct and follow them rigorously. There is no royal road to health. Every person probably needs different treatment. That is why I urge you to seek your health rules from your physician. Be sure, too, (Continued on Page Four)

## Town Government Study Is Proposed

A study of the present form of town government in Arlington, with the possibility of adopting another form if deemed advisable, is the aim of a group of citizens, who, this week, filed with the Board of Selectmen a request that an article be inserted in the annual town meeting warrant to this effect.

The petition was filed by Atty. Harold E. Magnuson of Avon place before the warrant was closed. The article proposed by the signers of the petition follows:

"To see if the Town will vote to instruct the Moderator to appoint a committee of nine persons to investigate, study, consider, and make recommendations as to the advisability of adopting another form of municipal government, or of making any re-organization of town departments that would at-

## Teachers Accept Recommendation

The Arlington School Committee has voted to increase teachers' salaries \$400 for the year 1947, it was announced this week.

The increase, which will provide a maximum of \$3560 annually for men teachers and \$3160 for women teachers, has been accepted by the teachers, it is understood. Originally the teachers had petitioned the board for an increase of \$600 in order to bring salaries somewhat in line with those paid teachers in other Greater Boston communities. The teachers received the support of all local Parent-Teachers' Associations in their request for a raise.

In announcing its decision, the (Continued on Page Two)

### Teachers' Salary

(Continued from Page One)

School Committee issued the following statement:  
In view of recent publicity regarding teachers' salaries, the School Committee is presenting a number of pertinent facts to the citizens of the town. The Committee is fully cognizant of the salary situation and is desirous of providing and maintaining a pay schedule in Arlington which will be comparable with surrounding communities. It is their belief that all fair-minded persons will agree that some salary adjustment is necessary.

During the past four years the Arlington Teachers have presented petitions for salary increases. Last fall a committee of teachers appeared before the School Committee with a request for a salary increase for the elementary teachers and also presented a salary schedule based on preparation, training and experience calling for a maximum salary of \$4060 for all teachers, which was \$1000 above our maximum salary for men.

The School Committee was reluctant to adopt the proposal salary schedule for two reasons. First because of the "equal pay for equal service" referendum which is to appear on the ballot at the annual town election and second because of the rumors that the town meeting in March might vote another cost of living bonus.

Briefly the "equal pay for equal service" referendum refers to the schools where both men and women are teaching, which in Arlington would be the junior high and senior high schools. Technically speaking it would not benefit the elementary teachers because no men are teaching in the first six grades. It is the opinion of many that the elementary teachers should benefit from the "equal pay" legislation the same as teachers in the other schools.

The School Committee believed that something should be done for the elementary teachers because they were in the lowest salary bracket. It was unanimously voted to place all women teachers on the same salary schedule with a maximum of \$2760. This would increase the women teachers in the senior high school \$100, the junior high women \$300 and the elementary teachers \$500. The new maximum salary for women teachers would be attained over a period of one, three, and five years respectively, by an annual increase of \$100. At the same time the maximum for men teachers was increased \$100 making the new maximum \$3160.

**\$600 Flat Increase Sought**  
The teachers evidently were not satisfied with the School Committee's action because at the January school committee meeting a request for a flat increase of \$600 for all teachers was received from the salary committee representing the Arlington teachers.

The School Committee deliberated at length and finally concluded that a salary adjustment was necessary. They believe in a schedule high enough to retain our good teachers and sufficient enough to compete for new teachers with our neighbors.

On January 21 the School Committee unanimously voted a salary increase of \$400 for 1947 making the new maximum \$3160 for all women and \$3560 for the men. This increase will place Arlington near the middle bracket of salaries paid teachers in Metropolitan Boston and will also be a start toward the attainment of salaries to which the profession has long been entitled.

Salary increases for teachers is a controversial matter and already definite stands have been taken pro and con. The obstacle as the School Committee sees it, is the "equal pay" referendum, which the voters of Arlington will be called upon to decide at the annual election in March. The School Committee is opposed to the adoption of the "equal pay" referendum and urges the voters of Arlington to vote against it. At a later date additional information will be given you in regards to this matter.

**School Committee, Assessor and Park Commission.**  
Town Moderator Ernest W. Davis and Selectman Joseph Peterson will be unopposed for re-election. It was determined when no other candidates filed with the Registrars before the deadline last Monday.

**Wallace Is Opposed**  
On the other hand, Willard A. Wallace of Wildwood ave., chairman of the Board of Public Works will have two opponents in his bid for re-election to another three-year term. Seeking election to this board will be Herbert D. Stevens of Stevens terrace, well-known contractor and housing developer; and John H. Sullivan of Lewis ave., a retired Town employee.

Two candidates will seek election to the short term on this same board to fill the vacancy caused by the recent death of Loren W. Marsh. They are: Thomas J. O'Neil of 615 Summer st., of O'Neil's Landscape Service; and Henry E. Halpin of 141 Franklin st., who is now completing his third term on the Finance Committee.

For the Board of Assessors, David A. Wilcox, veteran member of the board, is being opposed by Walter S. Coledge, Jr.

**School Committee Contests**  
Four candidates will seek election to the three-year term on the School Committee. They are John P. Morine and M. Norcross Stratton, present members of the board; and two new aspirants to this office, Dr. Richard H. Bolt of 34 Temple st., a professor at Massachusetts Institute of Technology, and Francis J. Higgins of 86 Marathon st., a town meeting member from Precinct 1. Atty. Michael A. Fredo, the third member of the board whose term expires this year, will not seek re-election. Three members are to be elected.

Because of a vacancy on this board, another member is to be elected for a one-year term. The only candidate is John H. Allison of 34 Webcoet road.

Harvey C. Abbott and John O. Parker will be unopposed for re-election to the Planning Board.

Nils G. Anderson, chairman of the Board of Park Commissioners, will not seek re-election. Two candidates will seek this office. They are A. Gordon Wier of 8 Maynard st., and Daniel A. Purcell of 105 Broadway.

Dr. Ernest R. Brooks will be unopposed for re-election to the Board of Health.

It appeared likely yesterday that all candidates will remain in the fight although any candidate has the privilege of withdrawing up to 5 p. m. next Tuesday.

The Catholic Woman's Club will hold a matinee bridge and whist next Tuesday afternoon. Mrs. Edward J. Kelley is chairman.

Seeking election to this board will be Herbert D. Stevens of Stevens terrace, well-known contractor and housing developer; and John H. Sullivan of Lewis ave., a retired Town employee.

Two candidates will seek election to the short term on this same board to fill the vacancy caused by the recent death of Loren W. Marsh. They are: Thomas J. O'Neil of 615 Summer st., of O'Neil's Landscape Service; and Henry E. Halpin of 141 Franklin st., who is now completing his third term on the Finance Committee.

For the Board of Assessors, David A. Wilcox, veteran member of the board, is being opposed by Walter S. Coledge, Jr.

**School Committee Contests**  
Four candidates will seek election to the three-year term on the School Committee. They are John P. Morine and M. Norcross Stratton, present members of the board; and two new aspirants to this office, Dr. Richard H. Bolt of 34 Temple st., a professor at Massachusetts Institute of Technology, and Francis J. Higgins of 86 Marathon st., a town meeting member from Precinct 1. Atty. Michael A. Fredo, the third member of the board whose term expires this year, will not seek re-election. Three members are to be elected.

Because of a vacancy on this board, another member is to be elected for a one-year term. The only candidate is John H. Allison of 34 Webcoet road.

Harvey C. Abbott and John O. Parker will be unopposed for re-election to the Planning Board.

Nils G. Anderson, chairman of the Board of Park Commissioners, will not seek re-election. Two candidates will seek this office. They are A. Gordon Wier of 8 Maynard st., and Daniel A. Purcell of 105 Broadway.

Dr. Ernest R. Brooks will be unopposed for re-election to the Board of Health.

It appeared likely yesterday that all candidates will remain in the fight although any candidate has the privilege of withdrawing up to 5 p. m. next Tuesday.

The Catholic Woman's Club will hold a matinee bridge and whist next Tuesday afternoon. Mrs. Edward J. Kelley is chairman.

### Three Held For Breaking Into Market

Three men, allegedly in a stolen car when arrested by State Police in Framingham this week, were turned over to Arlington police and are being held in connection with a break at the Adams Sq. Market, 475 Summer st., early last Saturday morning.

The trio was arraigned in East Cambridge district court Monday and were held for the Grand Jury. Their case will be presented to that body on Feb. 7.

Stolen in the Arlington market break were 61 cartons of cigarettes and a small amount of change which had been left in the cash register. The break was discovered by patrolmen Pigott and White shortly after 4 a.m.

Police gave the names of the men as John D. Slattery, 26, Trowbridge st., Cambridge; Thomas Dowling, 20, Chelsea st., Charlestown; and Charles D. Pomeroy, 26, Davis st., Boston. They were held in \$5000 bail.

## BILL OF RIGHTS, BUT OF DUTIES TOO!

Duty is an old-fashioned word—but all the modern sophistries won't wipe it out. This country grew up on copy book sayings and it reached its heights under men who had had thoroughly drilled into them the plain, homely virtues of loyalty, honesty and integrity, and the personal application of these to their community life.

We have wandered far and have too often taken rights as privileges.

Only by setting up a Bill of Duties for ourselves can we observe the spirit as well as the letter of the Bill of Rights. How well do you know this charter of our liberties? Read it over carefully and turn its clauses into inverse ratio. Free press—free to speak the truth but not free to make false statements. Free assembly, not to be used to overthrow the government but for free and friendly discussion. Freedom to worship, but not to keep anyone else from worshipping. And so on. Each freedom that is given carries with it its duty or restriction, which affects each man's conduct toward his neighbor.

Only as we carry out all the obligations of our Bill of Duties, are we entitled to the privileges of our Bill of Rights.

## THOMAS A. EDISON

It is a good thing to remember that the wonderful electric development which the United States has enjoyed, and where electricity is in more universal use than any place in the world, was brought about by the courage and initiative of individuals.

In recognition of one man who did more to provide electric service for the world than any other, the Thomas A. Edison Centennial will be celebrated throughout the country February 11, by electric power companies, professional societies, electric leagues, and other business, civic, and educational organizations.

It is no exaggeration to say that Thomas Edison made possible more appliances to lighten work and provide amusement than any other individual. After Edison conceived an invention, industry pioneered the way in making its use practical and economical for the average citizen. It would be impossible to estimate the benefits flowing to mankind as a result of Edison's imagination. The ramifications of the use of electricity after his perfection of the incandescent lamp in 1879 are too varied to enumerate.

The Edison Centennial is a fitting tribute to the man who made electric service for the world possible. By the same token, it reflects credit on the individuals and companies who provide electric service at a cost within the reach of every pocketbook.

The record of Edison's achievements is a testimonial of what the United States stands for—opportunity—no limit on the exercise of talent and initiative.

When you turn an electric switch on February 11, play your phonograph, see a motion picture, or enjoy any one of the countless uses of electricity, pause a moment and think of Thomas Edison, a typical American who made these things possible.

### THOSE ETERNAL BILLS

Husband (in despair): "Don't bring me any more bills—I can't face them."  
Wife: "I don't want you to face them, darling. I only want you to foot them."

Rev. Dr. J. Whitcomb Brougher, speaking at Tremont Temple on Sunday, lashed out at the sale of liquor to minors in Boston taverns and night spots, as well as "cheap shows" which attract boys and girls. Chairman Mary E. Driscoll of the Boston Licensing Board declared minors found by Dr. Brougher in a burlesque house and nightclub were there "because their parents and the church have failed." It might be added that much depends on the character of the individual teen-ager who should take it upon himself to keep away from such places.

Grace Moore had given countless millions so much pleasure through the medium of radio, stage and screen, that her sudden death this week in a plane crash in Denmark was a shock to all.

In a surprise move, the U. S. Steel Corporation proposed an open shop for its five subsidiary companies, opposing a union shop demanded by the CIO United Steel Workers as part of the latter's 14 demands for a 1947 wage contract. At the same time the company called on its 170,000 employees to "perform a fair day's work for a fair day's pay." Contract negotiations are still going on. Present contract has been extended to April 30.

Sign of things to come? A Boston newspaper carries a story stating that the city of Malden anticipates an increase of \$9 in its tax rate. With both State and local budgets at record highs, all communities foresee real estate tax increases. A \$9 boost would

mean \$54 more tax per year on a house assessed for \$6000.

"The Greatest Story Ever Told," new Sunday night program on radio station WCOP, which presents telling dramatizations from the life of Christ, has won wide acclaim from national religious and civic leaders. Written and produced by Fulton Oursler, internationally known writer, the new series premiered last Sunday from 6:30 to 7:00 p.m., and will be heard each Sunday at the same time.

The Lincoln Cabin at 215 Adams st., Milton, will be open to the public on his birthday, Feb. 12, from 2 to 5 in the afternoon. Arlingtonians are cordially invited to see this exact reproduction of his birthplace, and to view Mary Bowditch Forbes' varied collection of relics from the Civil War days. Admission is free.

## Woman's Club Plans Music Day

The Arlington-Woman's Club will hold its regular meeting at two o'clock next Thursday afternoon, Feb. 6, in the Robbins Town Hall, with Mrs. Norman J. Griffin presiding.

It will be Music Day, with the Pro Art Ensemble, members of the Boston Symphony Orchestra, supplying the musical program. In the art corners there will be a timely display of old valentines owned by Mrs. Edwin F. Tarbox, Jr. and Mrs. Lucinda F. Spofford. The music and art committees have arranged this program.

## Boys' Club Plans Father-Son Night

The third annual Father and Son Night of the Arlington Boys' Club will be held Thursday evening, Feb. 27 at the clubhouse on Pond Lane. A supper will be served at 6:45, followed by an entertainment which is now being arranged by Deane W. Moores, executive director.

### Developing Personal Assets

Furthermore, if we are to be really happy and successful, we must discover the kinds of things we like most to do vocationally and are most capable of doing. Whether we be pupil or parent, I wonder if we realize that after-school and summer jobs have work elements which lead to good life jobs? For example, a part-time gas station attendant job, where the worker supplies the customer with gas, oil, air and water, does not differ materially from many other types of permanent jobs in customer service work. Take schooling seriously. Correct English and spelling, for example, are the keys which unlock all subjects and many vocations.

It is important to develop a few hobbies—make model airplanes, collect stamps, cook, read about great men. We should seize every opportunity to visit places of work, shops, hospitals, farms and factories. If after such practices we still have not found ourselves vocationally, then it's time to pay a visit to a nearby college, university, or YMCA and ask them for help. Have them find out what special abilities we have such as mechanical aptitude, musical ability, clerical aptitude, social intelligence, etc. We must get a line on both our character and personality traits. How well do we get along with others? Have we initiative and drive? Are we dependable?

Having thus discovered our interests, abilities, personal qualities, etc., our next step in self-development is to match our personal qualities to jobs that might well utilize our abilities and interests. Again, local school teachers, headmasters, the YMCAs, Veterans' Administration Centers will be glad to counsel with us. Our sights should be set on life goals; and every action planned to knock down the goals one by one like pins in a bowling alley. We must remember that the chief difference between an unsuccessful and a successful person is not one of knowing, but of doing.

### Take Time to Meditate

Too many people these days are living too much on nerve alone. To be sure, quantity of production comes from working energetically; but quality of life comes from exposure of the soul to great ideas, ennobling thoughts, enriching personalities and inspiring meditation.

My automobile battery is of considerable help to me in turning the starter and lighting the lights on my car. But it will not give power for long unless it is connected with the generator. Too many of us are connected only with the starter. In missing exposure to prayer, music and meditation, we are missing the very thing that will build strength to make the rush of life possible.

Real success in life will depend much on how we feel inside about what we are doing. I've discovered that to feel right one must know that his labors are making not only himself but others healthier, happier and more prosperous.

## Uncle Elmer, Pleasantville Choir at Baptist Church Next Sunday

UNCLE ELMER

On Sunday evening, at 7 o'clock, Uncle Elmer and his Choir, together with the Pleasantville Neighbors, heard Sundays at 8:30 a.m. over WEEI, will make a personal appearance at the First Baptist Church under the sponsorship of the Men's Class.

Despite the popularity of this well known radio group, you will find in their cast the names of no great artists. It is just a friendly gathering of some 20 young men and women who are sincere in their efforts to be of service to humanity without distinguishing between race, creed or color. These young people work at their regular tasks every day as bookkeepers, stenographers, truck drivers, painters, clerks, school teachers and what not! They devote their spare time to bringing to an enormous and appreciative audience not only worthwhile entertainment but an extremely interesting and helpful program.

They have been instrumental in placing hundreds of wheelchairs, radio sets, and other articles too numerous to mention, in homes for

the aged, hospitals, and similar institutions. Their benevolent work among shut-ins and needy families is far-reaching, covering all New England states. During the past 14 years, thousands of people have listened regularly to their broadcasts in appreciation of the fine work this group is performing.

In addition to making some 500 personal appearances in New England Churches, they have entertained in U. S. O. Centers, Army and Navy camps, and Hospitals.

The whole family are invited to see and hear this talented group of singers.

There will be no admission charge.

The meeting of the Men's Class last Sunday, was conducted by Walter Aiken, first vice-president. Frank Locke, class treasurer, read the scripture. The class teacher, Rev. Nathan W. Wood, spoke on "The Dominion of Man." Mr. Wood's subject next Sunday will be "The Danger of Compromise."

## Boy Scout Notes

### Sea Scouts

On Monday evening there will be a Sea Scout meeting in the Crosby School gym at 7:30.

Committeeman "T Up" J. Claude Shea will present movies.

All Sea Scouts in Arlington are requested to attend this meeting and bring their parents. They are also privileged to invite, as their guests, any eligible friends who may be interested in Sea Scouting.

### Troop Eight

Monday's meeting marked the beginning of a new Scoutmaster-ship, that of Franklin Fitch, who has taken over in the place of Frank Guertin, following the latter's resignation. This had been accepted with regret, since under his guidance the Troop has reached a high plane of advancement.

A Board of Review was held for Fred Collier for merit badge awards for Safety, Home Repairs, Art and Stamp Collecting.

Plans were laid and a program discussed for the troop's second special meeting for the Eagle Award this year to be held at the Orthodox Congregational Church on Monday evening Feb. 10, at 7:30 o'clock at which time Sarkis Zartarian, senior patrol leader, will receive the Eagle badge and Junior Assistant Donald Hardy will receive the Life Scout Award.

### Troop Nine

Thirteen Scouts of Troop Nine with their leaders visited the Tles-ton & Hollingsworth paper mill at Hyde Park Saturday.

The boys followed the making of the paper from the pulp stage to the finished product as it rolled off the driers. The Troop completed the day by visiting the Boston Art Museum and later attended a Boston theatre as guests of the management.

The troop will hold its next Thursday evening meeting at the Harvard Observatory if the skies are clear.

Dr. Paul Ross is giving the boys a very interesting half hour in first aid every Thursday evening. Troop Nine will meet the Rivers' Country Day School Juniors in basketball and other games at Brookline during Arlington's February school vacation. Assistant Scoutmaster Louis Rossi of Nine is in charge of Scout advancement and will counsel with the boys weekly regarding skills and advancement ideas.

The "Scouts of the world build-

ing together" is the theme of the Troop Nine Scout Week display in Liggett's Drug Store window next to the Capitol Theatre at Lake st. The display covers all branches of Scouting from Cub Scouts to Senior Scouting in Arlington with its 1500 members.

Sachem Council's 25th anniversary with its 4,000 members is outlined on a poster. The 48 States are listed with some pertinent information showing Massachusetts with an estimated 62,837 members, ninth in the U. S. A total membership of 1,980,000. The flags of the nations of the world representing Universal Scouting and the Sixth World Scout Jamboree to be held at Moisson, France, in August, where 40,000 Scouts of the world will camp together, are tied in with the exhibit.

### Troop Ten

On Sunday morning at Calvary Methodist Church, Scout Chester Phetteplace was presented his Eagle award by Scoutmaster Fay B. Graves assisted by the pastor, Rev. Charles E. Pedersen, who is also the troop chaplain.

Eagle Scout Phetteplace was also presented with the miniature eagle which he in turn presented to his mother.

### H. HERBERT EDWARDS

Funeral services for H. Herbert Edwards, 50, a veteran of World War I, were held Wednesday afternoon at the D. W. Grannan and Son Funeral Home.

Mr. Edwards died on Monday at his home, 424 Massachusetts ave., following a long illness. He was owner of Edwards Candy Shop for 15 years and sold the business about a year ago because of poor health.

### MRS. FLORENCE M. BOWER

## PEOPLE ARE ASKING THESE QUESTIONS ABOUT ARMY ENLISTMENT

- Q. What educational benefits do I get under the GI Bill of Rights?**  
A. If you serve honorably on active duty for a period of 90 days, one day of which is served between September 16, 1940, and the date of termination of the present war, or you are discharged because of an actual service-incurred injury or disability incurred within that first 90-day period of service, you are, upon discharge, entitled to one year of education in the college, trade or business school of your choice for which you can qualify. In addition, each month of active duty, including the first three, prior to the termination of the war, entitles you to another month of post-service education, up to 48 months.
- Q. What about family allowances?**  
A. For men enlisting or reenlisting now, family allowances will continue until six months after the war is officially ended.
- Q. What are my chances of going overseas?**  
A. If you enlist for 3 years, you may select to serve in any overseas theater which has openings, especially Japan or Korea.
- Q. Can I still choose the branch of service I want to serve in?**  
A. Yes. You can pick any branch which has quotas to be filled, if you enlist for 3 years.
- Q. Is there any way I can reenlist in my old grade?**  
A. Yes, you can, if you reenlist for a 3-year term within 20 days after your honorable discharge.
- Q. Is there any other way I can reenlist in grade?**  
A. Yes, if you held one of certain military occupational specialties, and were discharged on or after May 12, 1945, you can reenlist in a grade depending on the length of time you held the desired M. O. S.

A great deal of the anxiety, the anguish, the uncertainty suffered when someone you love is ill can be avoided IF the doctor is called before the illness can become serious. This does not mean that a person is threatened with serious sickness every time he feels out of sorts. But you cannot afford to gamble with persistent symptoms. A few days delay may mean the difference between a quick recovery and a long drawn-out illness. So be sensible about your health and the health of those dear to you. Choose your doctor while you are well—and make him a "real friend of the family."

### G. O. P. Women Hear Taxpayers Official

The Arlington Women's Republican Club met on Wednesday afternoon, Jan. 22, in the American Legion Hall. Mrs. Charles B. Perham presided.

The first speaker, Mrs. Hollis M. Gott, chairman of the Legislative committee, very clearly and logically explained about law making which is a long and difficult procedure. She said 2,308 petitions have been filed up to Jan. 10 this year. Many of the problems to be solved by the Legislature are in regard to taxation, Pensions and Old Age Assistance, Labor, and biggest of all, the budget.

Mrs. George W. Tait, soloist, presented a group of Irish numbers. She was very charming in an appropriate costume of Kelly green. Mrs. Esther W. Smith was accompanist.

The guest speaker was Benjamin M. Ellison, who has been associated with the taxpayers movement in Massachusetts for a number of years. At present, he is special field representative of the Massachusetts Federation of Taxpayers Association. He told of the many organized groups in Massachusetts. The oldest and largest association is in the town of Brookline. These groups are made up of people who choose to work for economy and efficiency in their town and state government. Public officials are looking to the people to voice their opinions more than ever before, the speaker said. Local, State and Federal Taxpayers Associations are now operating in 34 states in the country.

A social tea was enjoyed after the meeting in charge of Mrs. Elwyn S. MacEwen. The pourers were Mrs. G. Franklin Gruber and Mrs. Florence P. Dick.

Tickets for the annual bridge party on March 26 are ready for distribution. Mrs. Charles B. Perham is in charge of reservations.

Some sleep-walkers can act, speak and have the sense of touch, sight and hearing even though they are still asleep, according to the Encyclopaedia Britannica.

Arlington politics jumped into full action as the Citizens' Committee met Wednesday night at the Academy of Music hall to hear various candidates for office present their qualifications. Letters were read from some candidates while others were present and spoke for endorsement of the citizens.

The merits of a referendum bill providing for equal pay for men and women were discussed and this matter was referred to a committee which was instructed to report at the next meeting as to its coverage and probable effect from the town's expenses if it is accepted by the electorate and the town meeting. Chairman Warren J. Ryan, presiding, appointed to this committee Lawrence P. Bliss, chairman, to serve with Mrs. W. H. Farrow and William Dunn.

As is the custom of the Citizens' Committee, the qualifications of all candidates for town election were referred to the Qualifications Committee, who will report their recommendations to the next meeting. Chairman Ryan appointed to the Qualifications Committee: Stoddard Chaplin, chairman; Clarence Marsh, Joseph Cormier and the citizens elected to the committee, Geoffrey Sawyer and Charles Harrington.

Chairman Ryan also announced that the new board of directors of the Citizens' Committee includes Robert Hauser, Isaac Finlayson, Arthur Kimball, Olaf Ellertson, William Hauser, Harold E. Magnusson, Henry G. Wilton, Lawrence P. Bliss, Brewster Ames, Felix Cutler, Robert Boyd, John O'Neill, Charles Harrington and Henry Castellon.

Arthur Sampson was appointed chairman of publicity to be assisted by Lawrence P. Bliss. The next meeting of the committee will be at the Academy of Music Assembly Hall on Monday evening, Feb. 10.

*He can Also Point to Trouble*

Yes, he's a magnificent Irish setter—a beloved member of the family, a show dog, and above all a grand performer in the field with the ability to "point" every bird. However, he can also point to trouble for, like all purebred dogs, he is highly strung and excitable. If he defends the home of his owner, or resents the petting of a stranger with a snarl and a bite, the party injured will ask for damages. For just such contingencies we suggest a Comprehensive Personal Liability Policy. It costs but \$10 per year, and also covers your home, your personal activities and those of your family, together with other benefits too numerous to mention. See us today.
